

Update on Recommendations/Suggestions from Fall 2023 AMG Meeting

Recommendation	Status	Follow Up
Add overlap map of POD's and PTA's to the StoryMap	Map has been added to the 2023 StoryMap	Post 2023 StoryMap on the CFRI SBEADMR website
Include current % of lynx habitat in the description of a proposed SBEADMR treatment as an indicator of the chance the threshold might be exceeded	Current % of lynx habitat has been added to project description on the StoryMap	Post 2023 StoryMap on the CFRI SBEADMR website
Post USFS road classification on CFRI SBEADMR website	Pending	Carlyn will check with Michael Salazar
Increase communication and outreach to other groups to encourage engagement with SBEADMR, , e.g., CPW, watershed groups, BoR	Ongoing <i>Note: Ranger Districts may be working with CPW wildlife officers on site specific projects</i>	Clarify who is responsible for reaching out to other agencies and at what level to encourage engagement in SBEADMR.
Track special mtgs, field trips, etc. by Ranger District to demonstrate outreach efforts	Pending	Identify GMUG individual(s) and or others responsible for tracking & reporting
Create an index of acronyms to post on CFRI SBEADMR website	Pending	Carlyn is going to look at SBEADMR NEPA documents/Mary Chapman may have started a list???
Consider adding or increasing seats on the AMG to ensure diverse representation	Discuss further at May AMG meeting; missing interests: more diverse recreation reps, watershed interests, BoR, DNR, wildfire mitigation collaboratives	Requires action of the AMG membership to consider adding "seats". Review current AMG membership roster.
Understand "resiliency" in context of SBEADMR	Carlyn gave a presentation at the annual SBEADMR/Taylor Park annual meeting	Carlyn will provide a summary at May AMG mtg and determine if AMG questions were addressed

Update on Recommendations/Suggestions from Fall 2023 AMG Meeting

Recommendation	Status	Follow Up
Be more transparent about how science informs lynx management and mitigation	GMUG Wildlife Program Manager Matt Vasquez prepared a paper on the lynx analysis process	<p>Paper is posted on CFRI SBEADMR website at: https://cfri.colostate.edu/projects/sbeadmr/adaptive-management-group-meeting-october-24-2022/</p> <p>Scroll down to the last document posted: "Project Level Lynx Analysis Process"</p>
Provide opportunity for a few AMG members to attend FLT meeting when FLT reviews AMG recommendations	Purpose is to provide AMG an opportunity to sit in on the FLT discussion of AMG recommendations	Carlyn will confer with Sean Ferrell and report at May AMG meeting.
Create an inventory of community wildfire and forest health initiatives	Leigh Robertson, West Region Wildfire Council, provided a list of area collaboratives.	<p>Link: https://collaborativeconservation.org/resources/colorado-atlas/</p>
